

Durable, non-porous flooring for ice arenas

Ice arenas require a durable flooring product that can hold up under the wear and tear of skates. Protect-All® Flooring not only can stand up to skates, but also doesn't damage them.

In addition, Protect-All Flooring offers:

- Slip resistance.
- Comfort under foot.
- Resistance to stains, odors and fluids.
- Low installation cost and long-lasting performance.
- Easy cleaning with a deck brush and squeegee.
- Can be installed over an existing surface - saving both time and money.

When combined with the fast installation and outstanding installed quality of Protect-All Rapid Weld™, the finished product can be used in a wide variety of areas within ice arenas.

Applications in ice arenas

Protect-All Flooring is great for:

- Locker rooms
- Concession areas
- Penalty boxes
- All areas immediately walked on by skates
- Weight rooms
- Covering gym floors
