Protect-All® Flooring Announces Agreement with Western US Distribution Company

OSCODA, Mich. – Protect-All Flooring, a member of the Amrize family of brands and a leading manufacturer of resilient flooring solutions designed for the toughest environments, is pleased to announce a new distribution partnership with Tri-West Ltd., based in Santa Fe Springs, California. Under this agreement, Tri-West will stock, promote and sell Protect-All products throughout the Western United States.

Founded in 1981, Tri-West Ltd. has been a trusted partner to the flooring industry for more than four decades. The company is recognized for its commitment to service, quality and integrity, and for providing an extensive selection of premium hard surface flooring brands across its markets. Tri-West will prioritize Protect-All Flooring across residential, light-duty and heavy-duty commercial flooring channels.

Protect-All Flooring partners with a strong network of distribution companies nationwide, offering sales and product support along with comprehensive training and education. These regional distributors collaborate closely with Protect-All to ensure product availability, quality and service excellence for customers in every region.

As part of Protect-All's ongoing commitment to strengthen service and support across the country, the company extends its gratitude to its previous distributors for their years of dedication and contributions to growing the Protect-All brand in the Western region.

"We are excited to welcome Tri-West as our new distributor for the Western Region beginning January 2026," said Jerry Lee, National Sales Manager for Protect-All Flooring. "This partnership represents an important step in expanding our coverage, improving supply efficiency and enhancing the value we deliver to the flooring industry."

To learn more about Protect-All products, become a factory-trained installer or find a distributor in your area, call 800.544.9538 or visit protect-allflooring.com

###

About Protect-All Flooring

Manufactured by Oscoda Plastics®, Protect-All flooring derives its durability from the specialized thermal fusion process that blends remnant industrial-strength vinyl together into one monolithic piece. Oscoda Plastics has recycled more than 40 million pounds of vinyl waste into Protect-All, keeping it out of our nation's landfills. In 2020, Protect-All introduced Protect-All Designer Series®, a new multicolor flooring product available in multiple sizes. This new product offering has helped Protect-All win market share in both residential and commercial flooring applications. Protect-All Flooring and Oscoda Plastics are brands owned by Amrize Building Envelope LLC. For more information, please contact Protect-All Flooring at 800.544.9538 or visit www.protect-allflooring.com.

About Amrize
