

Product Description

Manufactured from 90 percent recycled content, Protect-All utilizes a process that fuses together remnant industrial-strength vinyl.

Facts and Features

Protect-All helps to create flexible and functional spaces with its portfolio of flooring products. Whether the flooring need is for a new installation or a remodeling project, Protect-All offers varying sheet sizes, thicknesses, textures and matte or gloss surface finishes.

Benefits

Certified by the National Floor Safety Institute, Protect-All provides a worry-free flooring solution that reduces slips and falls, when maintained properly. Its 1/4-inch thickness also absorbs sound and reduces noise levels.

Trusted Solutions

For more than 20 years, Protect-All Flooring has been a trusted commercial flooring solution that can handle the most demanding environments with minimal maintenance. Designed with safety and durability in mind, Protect-All will help you put your best foot forward.
