Protect-All® Flooring Announces Agreement with Florida Distribution Company

OSCODA, MICHIGAN — Protect-All Flooring is happy to announce a new agreement with Commercial Flooring Distributors, located in DeBary, Florida. Commercial Flooring Distributors will work closely with the Protect-All team to stock, promote and sell Protect-All products to factory-trained flooring installers throughout the state of Florida.

Commercial Flooring Distributors is a wholesale distribution company that has serviced the needs of the commercial flooring industry throughout the Florida region since 2001. With over 100 years of combined experience, Commercial Flooring Distributors has remained true to its roots, providing quality commercial flooring products while keeping up with the ever-changing needs of today's industry. They have supplied flooring products and services to news stations, hospitals and medical facilities, schools and universities, office complexes, athletic facilities, and more.

“We’re excited to grow our product availability throughout the state of Florida,” said Protect-All Flooring National Sales Manager Jerry Lee. “The relationship with Commercial Flooring Distributors provides the perfect opportunity to connect more effectively with factory-trained installers in the region and increase our overall product footprint in the industry.”

Protect-All Flooring works with approximately 25 distribution companies throughout the country, providing sales and product support as well as product education. Factory-trained Protect-All installers work with authorized distribution companies in their region to plan and purchase Protect-All products and accessories needed for their projects. To become a factory-trained Protect-All installer and to find a distribution company in your region, call 800-544-9538 or visit www.protect-allflooring.com.

About Protect-All Flooring

Manufactured by Oscoda Plastics®, Inc., and certified as a “High Traction” product by the National Floor Safety Institute, Protect-All Matte flooring derives its durability from the specialized thermal fusion process that blends remnant industrial-strength vinyl together into one monolithic piece. Oscoda Plastics has recycled over 40 million pounds of vinyl waste into Protect-All, keeping it out of our nation’s landfills. In 2014, Protect-All introduced Protect-All Rapid Weld™, a groundbreaking installation system that significantly reduces installation labor. For more information, please contact Protect-All Flooring at 800-544-9538 or visit www.protect-allflooring.com.
