

# Rapid Weld™

For accelerated profits.

Protect-All Rapid Weld™ is a new installation system developed exclusively for Protect-All® flooring products. A faster and easier alternative to heat welding, Protect-All Rapid Weld is a chemical welding process available only to Protect-All distributors, dealers and installers.

## Features & Benefits

**Faster installations** – Protect-All Rapid Weld is a fast and easy system to teach and use. It increases productivity and reduces fatigue, compared to the traditional heat welding method.

**Less downtime** – Protect-All Rapid Weld dries fast and enables installation and welding on the same day.

**Reduced labor** – Protect-All Rapid Weld provides a competitive cost advantage by reducing installation time and the amount of required labor.

**High quality** – Protect-All Rapid Weld delivers consistent and enduring performance.
