PROTECT-ALL® Commercial Flooring Line To Be Exhibited At Greenbuild 2007

Oscoda, Michigan --- Oscoda Plastics®, Inc., a fast-growing manufacturer specializing in the production of environmentally-friendly recycled building products, will be exhibiting its **PROTECT-ALL® Commercial Flooring** line at Greenbuild 2007 in Chicago, Illinois. Attendees can stop by **Booth #649** to view **PROTECT-ALL Interlocking Tiles, PROTECT-ALL Floor Covers, and PROTECT-ALL Loose-Lay Sheets.**

PROTECT-ALL Commercial Flooring is slip-resistant and offers stain and impact protection for areas exposed to water, heavy-traffic patterns, and extreme weight loads. **PROTECT-ALL** holds up against chemicals, animal fats and grease. It is available in eight colors, varying sheet sizes and thicknesses with matte or texture top surface finishes as well as in interlocking and square tiles.

*“There is growing interest in flooring products from recycled materials that can meet the demands of commercial and industrial applications,” stated John Rouse, national sales manager. “Greenbuild 2007 will provide architects and specifiers, along with building and design consultants with an excellent opportunity to view our products and see how **PROTECT-ALL** can meet their clients’ needs for a durable and environmentally-friendly flooring product.”*

*For more information on **PROTECT-ALL Commercial Flooring**, visit www.protect-allflooring.com.*

*Since 1991, Oscoda Plastics, Inc. has recycled over 40 million pounds of vinyl for the manufacturing of **PROTECT-ALL Commercial Flooring**, **PROFLEX®** Vinyl Expansion Joints, walkpads, and other accessories used in the roofing industry.*
