**FOR IMMEDIATE RELEASE**

From: **John Rouse, National Sales Manager**

## ***PROTECT-ALL® Commercial Flooring Announced as Preferred Supplier for ReSource Commercial Flooring Network***

*Oscoda, Michigan – July 22, 2009 – PROTECT-ALL® Commercial Flooring, manufactured by Oscoda Plastics®, Inc., has joined the ReSource Commercial Flooring Network (RCFN) as a Preferred Supplier. PROTECT-ALL joins a strategic group of manufacturers currently part of RCFN that include the industry's most recognized brands of commercial flooring, accessories and installation products.*

*"We are excited at the opportunity to be associated with the ReSource Network. Their members, who are some of the top commercial contractors in the country, can help us respond to the growing market demands for our environmentally-friendly flooring products," said John Rouse, Oscoda Plastics National Sales Manager.*

*PROTECT-ALL is the leading environmentally-friendly recycled vinyl flooring product manufactured in the United States from 100% pre-consumer vinyl. PROTECT-ALL is commercial grade, slip-resistant flooring certified by the National Flooring Safety Institute.*

*PROTECT-ALL helps reduce slips and falls and is also resistant to mildew and other bacterial growth. It does not absorb water and is non-corrosive, even when exposed to chemicals, animal fats, or grease. Recommended applications include: building entrances,*

*gymnasiums, weight rooms, locker rooms, commercial kitchens, cafeterias, and veterinarian offices.*

*Since the company's inception, Oscoda Plastics has created environmentally-friendly products, utilizing excess post-industrial vinyl from single-ply roofing system manufacturing process and other PVC scrap suppliers.*

*"With the growing need for environmentally-friendly products, we are excited to have PROTECT-ALL as part of the offering available to our members and their customers," said Ron Lee, Executive Director, ReSource Commercial Flooring Network.*

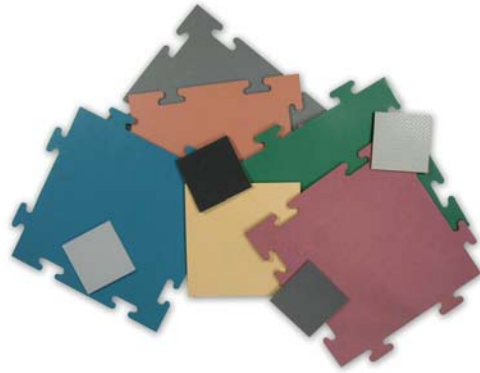

### **About Oscoda Plastics**

*Manufactured in Oscoda, Michigan by Oscoda Plastics, Inc., PROTECT-ALL Commercial Flooring derives its durability and slip-resistance from the specialized thermal fusion process that blends remnant industrial-strength vinyl together into one monolithic piece. Oscoda Plastics, Inc. is a fast-growing manufacturer specializing in the production of environmentally-friendly building products that are used extensively in commercial kitchens, athletic facilities, veterinary offices, and many other flooring applications. For more information, please contact **John Rouse at 800-544-9538** or visit **[www.oscodaplastics.com](http://www.oscodaplastics.com)***

### **About RCFN**

*The ReSource Commercial Flooring Network, LLC (RCFN) is a member owned network of professional commercial flooring contractors located throughout the United States. The organization's goal is to increase the flooring contractor's value in the supply chain, and ensure that these values are continually enhanced to support its customers and suppliers. The basic business principle is to provide its member owners programs, services, and additional income unavailable as a standalone independent company. Example programs and services include marketing, advertising, cost management, recruiting, and training. RCFN has Member Owners*

*in all major, most secondary, and some tertiary markets throughout the U.S. For more information visit [www.resourceconnet.com](http://www.resourceconnet.com)*
