

# EDUCATION

From K-12 to higher education environments, Protect-All® is a smart choice for multi-purpose areas that carry the weight of active steps. When properly maintained, its durable construction can withstand rigorous use in areas where students learn, play, perform and eat.

Cafeteria

Opting for durability doesn't mean compromising on design. Protect-All offers endless opportunities for customization with our Designer Series line of flooring solutions, so you can have a floor that looks as good as it performs. High-quality, beautiful and functional flooring delivering exceptional value so you can put your best foot forward.

Resilient  
VINYL  
FLOORING

Designed to boost footing confidence, Protect-All is a comfortable and reliable flooring solution for students of all ages. Its 1/4-inch thickness absorbs sound and reduces noise levels. Requiring only minimal maintenance without waxing or stripping, Protect-All provides functional flooring options that make the grade. As a non-porous flooring solution, it's resistant to chemicals, mildew and bacteria, meaning it will not absorb stains, odors and fluids.

### Quality Surpassing Quarry Tile

While quarry tile has a long history of use, exploring alternative options might reveal more cost-effective and improved solutions. Protect-All's larger sheet sizes help reduce the number of grout lines when compared to quarry tile, which reduces routine maintenance costs. Its unique design helps reduce leg fatigue.

Multi-Purpose Room

### Rise Above Rubber

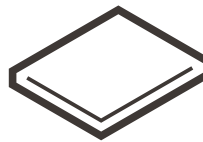

Protect-All has all the benefits of crumb rubber without the downsides of using it. Our floors are made with heavy-duty vinyl designed to withstand a variety of weight loads. Additionally, Protect-All floors do not produce off-gassing, are non-absorbent and are resistant to a wide variety of chemicals.

### Sizes

5' x 8' Sheets

5' x 5' Tile

2' x 2' Tile
