

# GROCERY STORES

APPLICATION FEATURE

## Safe, durable flooring where it's needed most

### Applications in grocery stores

Protect-All Flooring is great for:

- Coolers
- Food preparation areas, including delis, meat cutting, fish, produce preparation and cooking areas
- Dish wash stations
- Store entrances
- Produce areas

Protect-All® Flooring is an ideal flooring system for grocery stores.

Protect-All Flooring offers:

- Resistance to grease, animal fats, chemicals, fire, mildew and bacteria growth.
- Comfort underfoot to reduce leg fatigue and increase worker productivity.
- Slip resistance for safe footing.

Along with these money-saving benefits:

- No sealers or grout to maintain and repair.
- Eliminates the expense of black rubber mats for purchasing, replacement and cleaning.
- No need for a waterproof liner.

When combined with the fast installation and outstanding installed quality of Protect-All Rapid Weld™, the finished product can be used in a wide variety of areas within grocery stores.
