Protect-All® Flooring Introduces Protect-All Designer Series™

OSCODA, MICHIGAN – Protect-All Flooring is pleased to introduce Protect-All Designer Series, a new line of decorative flooring solutions for commercial applications. This new flooring system features a solid base color with varying accent colors speckled throughout, and was designed to bridge the gap between functionality and aesthetic appeal. Protect-All Designer Series is currently available in three color schemes: Cityscape, Graphite and, Northern Lights.

Protect-All Designer Series is designed to withstand high-traffic areas without showing wear, and features an easy application for installers that are familiar with Protect-All. This new system is available in varying sheet sizes and thicknesses, interlocking and square tiles as well as 1/8" Rolls.

“Our mission at Protect-All is to provide our customers with the best commercial flooring solutions and service,” explained Jerry Lee, National Sales Manager. “We are excited to enter 2020 in style with the launch of Protect-All Designer Series. This new line will open up new application opportunities and create a new look for Protect-All.”

About Protect-All Flooring

Manufactured by Oscoda Plastics®, Inc., Protect-All flooring derives its durability from the specialized thermal fusion process that blends remnant industrial-strength vinyl together into one monolithic piece. Oscoda Plastics has recycled over 40 million pounds of vinyl waste into Protect-All, keeping it out of our nation’s landfills. In 2014, Protect-All introduced Protect-All Rapid Weld™, a groundbreaking installation system that significantly reduces installation labor.
