## **PROTECT-ALL® FLOORING NOW OFFERS ADDITIONAL COMMERCIAL FLOORING COLOR OPTIONS**

**OSCODA, MICHIGAN** – Protect-All Flooring is pleased to introduce blue and purple on a black base to its Designer Series line of commercial flooring. Designed to bridge the gap between functionality and aesthetic appeal, Protect-All Designer Series® now has seven new chip combinations including, blue, light gray and purple on a solid black base.

Made from more than 90% recycled content, Protect-All Designer Series withstands high-traffic areas without showing excessive wear, can help reduce slips, provides comfort under foot and features an easy application for installers. This system is available in ¼" thicknesses in 5'x 8' and 5'x 5' sheets, 2'x 2' tiles and 18"x 18" interlocking tiles.

"At Protect-All we strive to provide our customers with the best commercial flooring solutions and service," explained Jerry Lee, National Sales Manager. "Our Designer Series has been well received in the industry since its launch in 2020. These additional colors open up new application opportunities for our customer base. People like options."

###

### **About Protect-All Flooring**

Manufactured by Oscoda Plastics® Inc., Protect-All flooring derives its durability from the specialized thermal fusion process that blends remnant industrial-strength vinyl together into one monolithic piece. Oscoda Plastics has recycled more than 40 million pounds of vinyl waste into Protect-All, keeping it out of our nation's landfills. In 2014, Protect-All introduced Protect-All Rapid Weld™, a groundbreaking installation system that significantly reduces installation labor. For more information, please contact Protect-All Flooring at 800.544.9538 or visit [www.protect-allflooring.com](http://www.protect-allflooring.com).
