

Approval of Crain No. 968 Floor Following Power Groover Type #2 for Protect-All® Seam Grooving

Protect-All is pleased to announce that the Crain No. 968 Floor Following Power Groover has been officially approved for grooving Protect-All seams across all applications. When used in conjunction with the 4.77mm Protect-All blade, this tool meets installation standards.

The improved No. 968 Floor Following Power Groover, Type 2 can groove to the 3/16" depth required to install Protect-All flooring correctly. The No. 968 Type 2 will be supplied as part of the No. 988 Kit.

Approved units are explicitly engraved with **TYPE #2 MAX. GROOVING DEPTH 3/16** on the blade rotation component. This groover can be ordered through your local Crain distributor.

We encourage you to reach out to the Protect-All Technical Department at 800.544.9538 with any questions or to learn more about this product.
