

## Dependable flooring for the most critical locations

Healthcare environments experience a wide variety of heavy foot and equipment traffic every day. From hospitals and outpatient facilities to clinics and medical offices, Protect-All® flooring addresses the needs of these environments by providing a safe flooring solution that can offer comfort underfoot, reduced leg fatigue, and slip resistance.

In addition, Protect-All flooring is:

- Durable.
- Resistant to mildew and bacteria.
- Non-porous and non-absorbent.
- Resistant to fire, chemicals and stains.
- Made from over 90% recycled content.
- Significantly quieter than concrete.
- Resistant to odors, fluids and bacteria.
- Easy to clean with a deck brush and squeegee.

When combined with the fast installation and outstanding quality of Protect-All Rapid Weld™, the finished product can be used in a wide variety of areas within medical facilities.

### Applications in healthcare environments

Protect-All flooring is great for:

- Cafeterias
- Classrooms/training spaces
- Corridors
- Entryways/foyers
- Procedure rooms
- Laboratories
- Maintenance and facility storage
- Nurse stations
- Waiting rooms
