

Fitness flooring that can keep up

Weight rooms and fitness centers require a durable flooring product that can hold up under repetitive action. Protect-All® Flooring withstands even the toughest challenges such as: extreme dead-weight loads, repetitive heavy impact, and high-traffic patterns.

In addition, Protect-All Flooring offers:

- Slip resistance.
- Comfort under foot.
- Resistance to stains, odors and fluids.
- Low installation cost and long-lasting performance.
- Easy cleaning with a deck brush and squeegee.
- Can be installed over an existing surface - saving both time and money.

When combined with the fast installation and outstanding installed quality of Protect-All Rapid Weld™, the finished product can be used in a wide variety of areas within fitness centers.

Applications in fitness centers

Protect-All Flooring is great for:

- Locker rooms
- Group fitness areas
- Weight rooms
- Covering gym floors
- Basements
- Gyms
- Restrooms
