## **Protect-All® Flooring Launches Updated Website**

**OSCODA, MICHIGAN** — Protect-All Flooring is pleased to announce the launch of their newly updated website, accessible at [www.protect-allflooring.com](http://www.protect-allflooring.com). The complete overhaul features a variety of design and organizational updates that aim to enhance overall user experience and efficiency.

The homepage update features easy-to-find links for important functions such as requesting a quote, finding a local sales representative, viewing available product colors, company announcements and more. Product pages include links to detailed application spotlights as well as quick access to product-specific resource documents, and overall site navigation has been reorganized with user needs in mind. The new site also features a library of regularly updated training videos that highlight useful installation techniques.

“Our mission with Protect-All is to provide our customers with the best commercial flooring solutions and service,” explained Jerry Lee, National Sales Manager. “We are excited to be able to incorporate that mission into the new website and create a valuable, easy-to-use resource for everyone.”

Visit the new Protect-All flooring website today to explore the updated features. Any questions regarding the site can be directed to the Protect-All team at 800-544-9538.

### **About Protect-All Flooring**

Manufactured by Oscoda Plastics®, Inc., and certified as a “High Traction” product by the National Floor Safety Institute, Protect-All flooring derives its durability and slip-resistance from the specialized thermal fusion process that blends remnant industrial-strength vinyl together into one monolithic piece. Oscoda Plastics has recycled over 40 million pounds of vinyl waste into Protect-All, keeping it out of our nation’s landfills. In 2014, Protect-All introduced Protect-All Rapid Weld™, a groundbreaking installation system that significantly reduces installation labor. For more information, please contact Protect-All Flooring at 800-544-9538 or visit [www.protect-allflooring.com](http://www.protect-allflooring.com).
