## Maintenance Matte & Gloss Finishes

### Matte Finish

- Cleaning Tools
  - Wet floor sign(s)
  - Broom and dust pan
  - Mop bucket
  - Deck brush
  - Squeegee
  - Hot water
  - Simple Green® or Spic and Span®
  - Wet-vacuum, if no drains are present

### Cleaning Process

1. Display wet floor sign(s) to maintain safety.
2. Thoroughly sweep the areas that are going to be cleaned with a broom to remove debris.
3. Mix Simple Green® or Spic and Span® in the mop bucket with hot water according to manufacturer recommendations.
4. Apply the cleaning mixture and allow it to sit for at least 5 minutes.
5. Firmly deck brush the entire floor.
6. Squeegee solution to the nearest drain. Use a Wet-vacuum if no drains are present.
7. Complete with a final fresh, hot water rinse. Squeegee water to the nearest drain. If no drains are present, use a wet-vacuum.

## **Gloss Finish**

### Cleaning Tools

- Wet floor sign(s)
- Floor duster or soft bristled broom with dust pan
- Clean mop and mop bucket
- Hot Water
- Simple Green®
- Tennis ball for scuff marks

## **Gloss Finish**

### Cleaning Process

1. Display wet floor sign(s) to maintain safety.
2. Use a large floor duster or soft bristled broom to remove all loose debris from the floor.
3. Mix Simple Green® in the mop bucket with hot water according to manufacturer recommendations.
4. Mop the entire floor.
5. For heavy scuff marks, use a tennis ball and the pre-mixed cleaning solution.
