RESILIENT FLOORING

RESILIENT

VINYL

Flooring

Durable

Protect-All® withstands diverse weight loads and temperatures, from steamy environments to subzero conditions. Its durable design effectively resists impacts and punctures commonly encountered in high-traffic areas. The monolithic formulation eliminates wear layers, potentially lowering annual maintenance expenses compared to alternative resilient flooring choices.

Sustainable

Crafted from more than 90% recycled materials, Protect-All is proud to play a role in diverting millions of pounds of vinyl waste from landfills each year. By choosing Protect-All, you not only opt for an aesthetically pleasing and durable flooring solution but also contribute to sustainability efforts. Your projects may be eligible to earn credits with the U.S. Green Building Council, as Protect-All embodies a commitment to both visual appeal and environmental responsibility.

Comfortable

Protect-All stands out as the optimal choice in delivering underfoot comfort and safety. With its 1/4-inch thickness, it reduces leg fatigue and absorbs sound, resulting in reduced noise levels. In addition, designed to boost footing confidence, Protect-All Flooring is high-traction certified*, offering extra protection in slip-prone areas

Sanitary

Protect-All flooring excels in maintaining a sanitary environment. Resistant to mildew and bacterial growth, it exhibits an impervious nature to water absorption. Even when exposed to chemicals, animal fats or grease, it remains non-corrosive, making it the superior choice for hygiene. In addition, Protect-All withstands routine cleaning without the need for waxing or stripping.

American Made. Made To Last.

For more than 30 years, Protect-All has been producing our vinyl flooring right here in America. From concept to completion, we remain committed to providing you with high-quality, durable, resilient flooring solutions designed to stand the test of time. We are American made. We are Durability Done Different. We are Protect-All Flooring.

Benefits of a Protect-All Flooring System

High-quality, functional flooring delivering exceptional value. From new installs to remodels, our portfolio of fully adhered vinyl sheets, loose-lay floor covers and interlocking tiles support the most demanding environments.

- Resists impacts and punctures commonly encountered in high-traffic areas
- Crafted from more than 90% recycled materials
- Monolithic formulation eliminates wear layers
- 1/4-inch thickness reduces leg fatigue and absorbs sound for reduced noise levels
- Designed to boost footing confidence
- Resistant to mildew and bacterial growth

WE'LL HANDLE
THE REST.

Sheets | Size: 5' x 8' Tiles | Size: 5' x 5' and 2' x 2'

Protect-All sheets and tiles are engineered to offer a durable, long-term solution for a wide range of applications. With the ability to withstand various weight loads and temperature fluctuations, Protect-All is designed to excel in demanding conditions. The larger sheet sizes of Protect-All also reduce the number of grout lines compared to traditional tiles, leading to cost savings in routine maintenance. **Thicknesses | 1/4" and 1/8"**

Interlocking Tiles | Size: 18" x 18"

Interlocking Tiles provide a versatile and efficient flooring solution for both temporary and permanent applications. Whether you require flooring indoors or outdoors, these interlocking tiles offer a hassle-free installation process. Their ingenious interlocking tabs securely connect the tiles, eliminating the need for adhesives or specialized installation equipment. **Thickness | 1/4"**

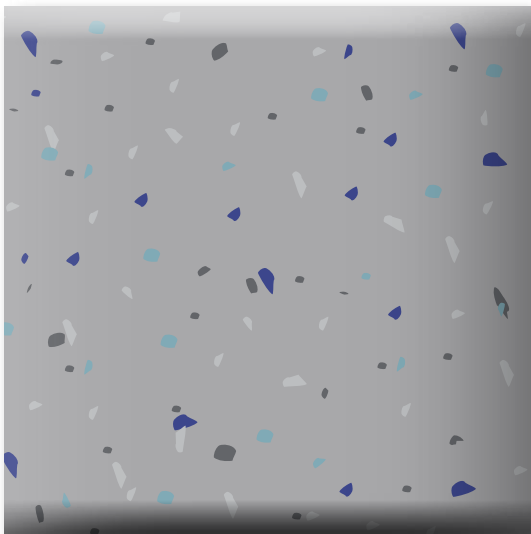

Roll Goods | Size: 5' x 30'

Roll goods are an ideal flooring choice for spacious, high-traffic areas like cafeterias, conference rooms, lobbies and multipurpose spaces. Our monolithic design means there are no wear layers, which can help reduce yearly maintenance costs typically associated with other resilient flooring options. **Thicknesses | 1/4" and 1/8"**

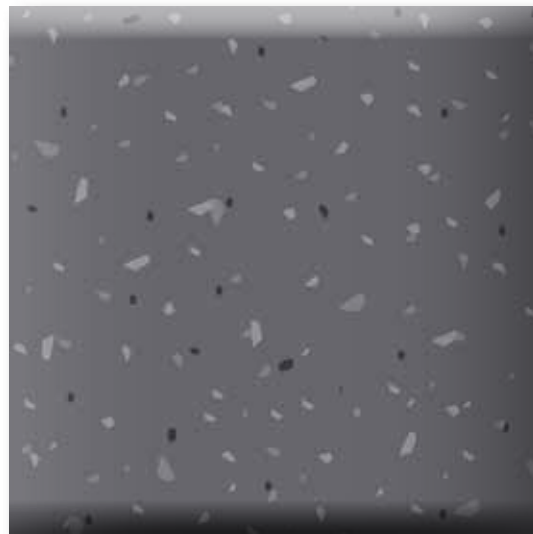

Protect-All Designer Series® available in 1/4" thickness.

Popular Flooring Colors

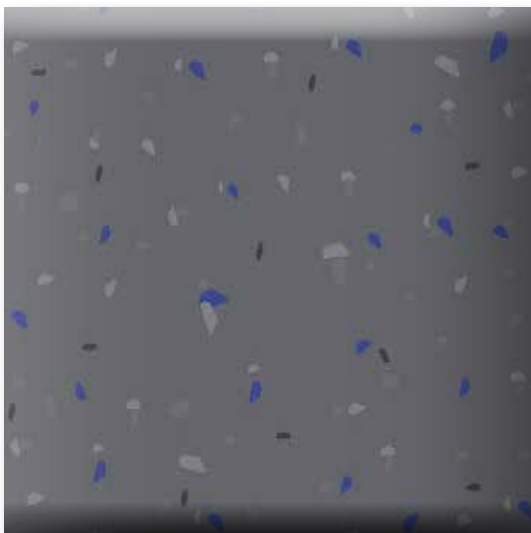

Option A offers the three most popular Protect-All Classic Series Base Colors: Dark Gray, Light Gray and Black. Featuring a combination of preselected fleck colors. Combination customization is available in Options B and C. No minimum order quantity is required.

Cityscape Ultra

Graphite Ultra

Northern Lights Ultra

Glacier Ultra

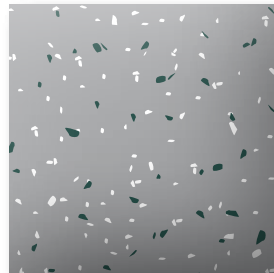

Choose A Base Color and Fleck Combination

Option B offers preselected fleck combinations below which can be added to any of the Classic Series Base Colors. Each combination has a fleck saturation of 25%, with the fleck colors distributed in equal parts.

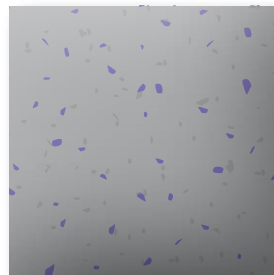

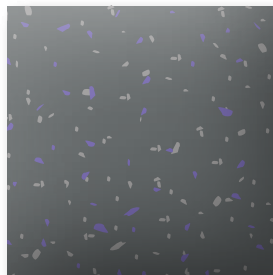

There is no minimum order quantity when selecting a pre-mixed fleck combination on the below Base Colors.

Protect-All Flooring is a trusted and resilient flooring solution that handles the toughest environments while boosting footing confidence. Our flooring is designed with safety and durability in mind.

Protect-All Flooring is ideal for:

Food Service

Whether it be a restaurant, cafeteria or banquet facility, commercial kitchen environments require flooring able to withstand rigorous daily use. Protect-All provides a durable, comfortable and sanitary flooring solution. Designed to withstand common kitchen elements such as grease and chemicals, it's also resistant to fire, mildew and bacteria growth, and will not absorb stains, odors or fluids.

Education

From K-12 to higher education environments, Protect-All is a smart choice for multi-purpose areas that carry the weight of active steps. When properly maintained, its durable construction withstands rigorous use in areas where students learn, play, eat and perform.

Healthcare

Protect-All addresses the unique needs of these environments by providing safe flooring solutions that offer comfort underfoot and reduce leg fatigue. It offers durable protection against heavy use and its non-absorbent material resists chemicals, stains, odors, fluids and bacteria.

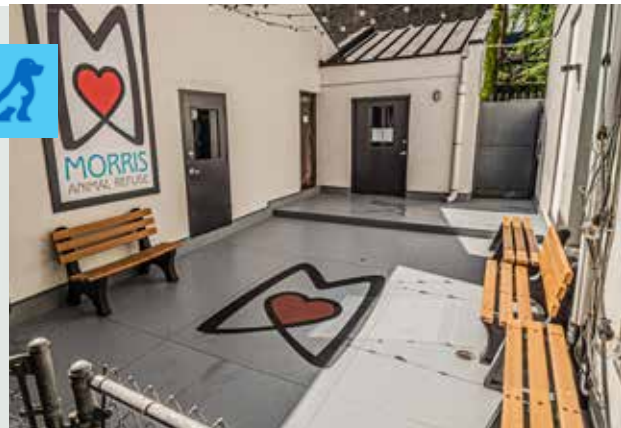

Fitness

Weight rooms and fitness centers require durable flooring products that hold up under repetitive action. As a recycled vinyl weight room flooring product, Protect-All withstands the toughest challenges including: extreme dead-weight loads, repetitive heavy impact and high-traffic patterns.

Animal Care

Protect-All's monolithic construction is designed to be puncture resistant. This unique design also prevents the floor from being shredded and digested. Protect-All can withstand elements such as dirt, mud, water and anything else your furry friends throw at it. The flooring's nonporous construction handles bodily fluids without staining or leaving unpleasant odors behind after cleaning.

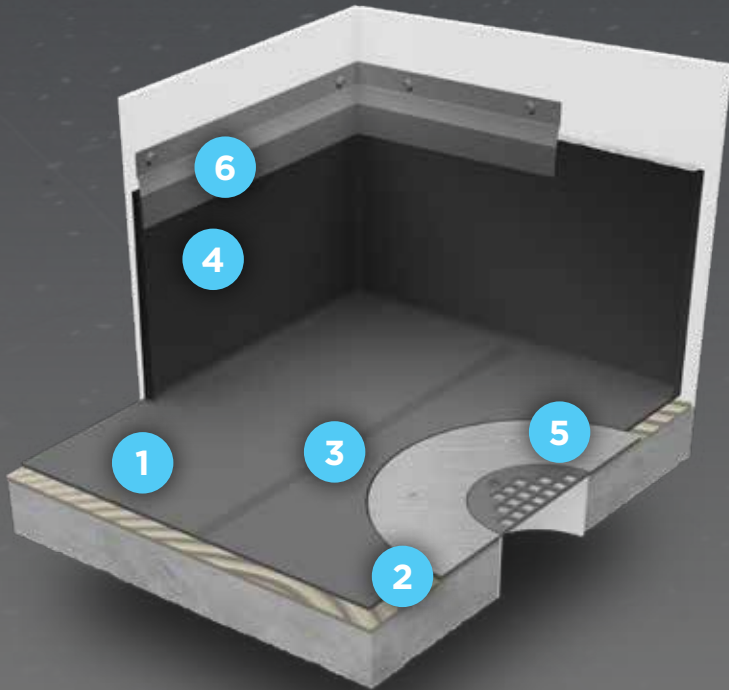

Retail

Protect-All flooring provides durability for areas big and small, from boutiques to large malls and shopping centers. It offers multiple flooring options and colors to suit a variety of aesthetics, while delivering a comfortable experience for busy feet.

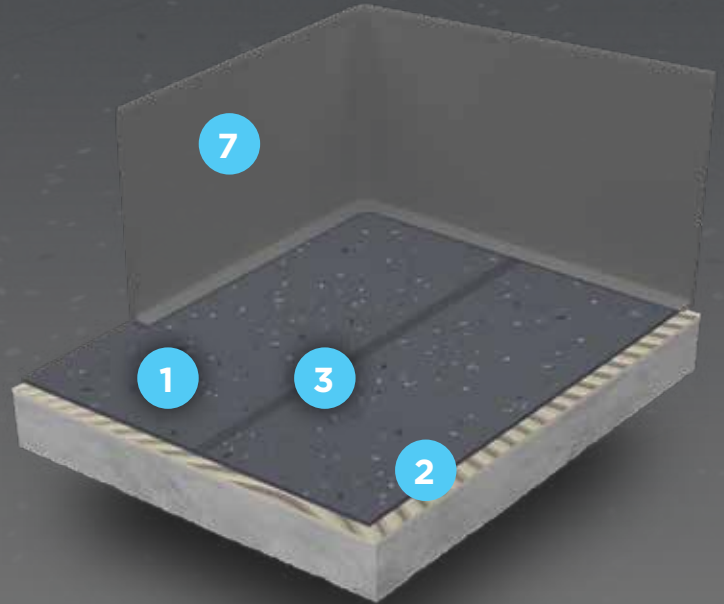

HEAVY DUTY COMMERCIAL

HEAVY FOOT TRAFFIC WET AREAS

HIGH FOOT TRAFFIC AREAS

INSTALLATION SYSTEMS

Heavy-Duty Commercial

Designed for high-traffic areas that endure extreme wear and are frequently exposed to grease and fats, these environments benefit from a watertight application of Protect-All. This system requires a factory-trained installer.

- Kitchens
- Animal Care
- Labs

Commercial

Designed for areas with heavy foot traffic exposed to dirt and debris. This installation system uses our 1/4" matte or gloss* finish flooring. Drain rings are not necessary. This system requires a factory-trained installer.

- Hospitals
- Automotive
- Churches

*Gloss finish not suited for all applications. Please consult a flooring professional before installation.

3 Protect-All Rapid-Weld™

2 Two-Part Adhesive

4 6" Cove Base

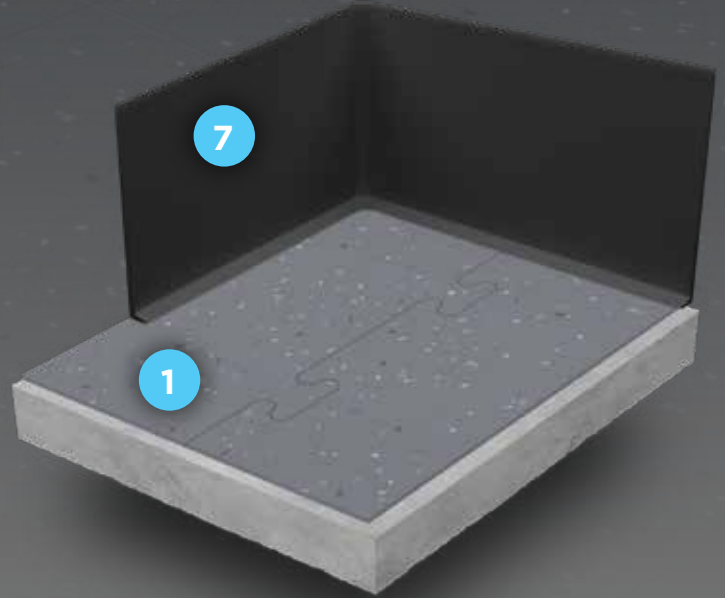

COMMERCIAL NON-WELDED

MEDIUM FOOT TRAFFIC AREAS

LOOSE LAY

TEMPORARY FLOORING SOLUTION

Commercial Non-Welded

Ideal for areas with lighter traffic. Sheets, interlocking tiles and rolled goods can be used in both 1/4" and 1/8" flooring in either matte or gloss finish. This installation system is adhered using our recommended flooring adhesive and the Protect-All seam sealer is optional for this system. Standard commercial cove base is ideal for this front-of-house installation system.

- Gyms
- Retail Space
- Stadiums

Loose Lay

Designed to be a temporary flooring solution installed by anyone using 1/8" sheets or 1/4" interlocking tiles.

- Home Gyms
- Temporary Floors
- Garages

5 Drain Rings

7 Standard Cove Base

6 Z-Bar

8 Seam Sealer

Crafted for excellence. Engineered for longevity.

Rise Above Rubber

Protect-All has all the benefits of crumb rubber without the downsides. Our floors are made with heavy-duty vinyl designed to withstand weight loads from free weights to heavy-duty machines. Additionally, Protect-All vinyl floors do not produce off-gassing, are non-moisture absorbent and are resistant to a wide variety of chemicals.

Outperform Epoxy

Protect-All stands the test of time without showing wear because it is made of 100% heavy-duty vinyl, meaning there is no wear layer. It provides comfort underfoot and reduces leg fatigue in demanding environments. Along with having less routine maintenance costs, its unique formulation stands up to the most commonly used disinfectant products.

Quality Surpassing Quarry Tile

While quarry tile has a long history of use, exploring alternative options might reveal more cost-effective and improved solutions. Protect-All's larger sheet sizes help reduce the number of grout lines when compared to quarry tile, which reduces routine maintenance costs. Its unique design helps reduce leg fatigue and boosts footing confidence in slip-prone areas.

Good for You. Good for the Planet.

- Made from 90% recycled materials
- Our manufacturing process keeps millions of pounds of vinyl waste out of landfills each year
- May be eligible to gain Green Building Credits from USGBC with Protect-All Flooring

FAQ

What is Protect-All Flooring?

Protect-All Flooring is a high-traction vinyl flooring using more than 90% pre-consumer recycled content. It is designed to offer protection against stains, water absorption and fire hazards in areas prone to water exposure, heavy foot traffic and substantial weight loads. Even when exposed to chemicals, animal fats or grease, it remains non-corrosive,

Where can I purchase Protect-All?

Protect-All Flooring is sold throughout North America through top wholesale distributors. Contact our sales team today at 800.544.9538 and we will direct you to your local distributor.

Can I install Protect-All Flooring myself?

The 18-by-18-inch interlocking tiles and Protect-All Floor Saver can be installed easily without prior experience or training. However, most Protect-All Flooring installations require factory-trained installers.
